

# Internal Grinders

The Internal Grinder offers a flexible workhead with 4 different work speeds, and the M2120 has a variable speed workhead. The Internal grinder has a universal spindle nose that can be fitted with a 3 jaw chuck or face plate to give the end-user the flexibility needed in today's industry.

The hydraulic controlled dresser unit has individual feed control, and can be position anywhere on the table. These are important features for conceiving today's demanding finishes.

Series	I.D. Grinding Dia.	Length	Max Workload	Wheel Size Inch	Wheelhead Hp.	Machine Weight
M2110	.236 - 3.937	.355 - 5.90	110 lbs	.236 – 2.75	3 hp	3,530 lbs
M2120	2.0 - 8.0	4.8 – 8.0	800 lbs	1.77 – 5.90	5.5 hp	7,400 lbs
H056	3.94 to 11.81	43.3	400 lbs	3.15 – 6.0	15 hp	8,159 lbs
H124	5.90 – 15.74	70.86	1100 lbs	4.92 – 6.0	15 hp	8,820 lbs
